

# BRAND VISUAL GUIDE

# Who we are.

AG Connect is more than a service provider; we are a strategic gateway. We exist to bridge the gap between complex global financial markets and the everyday needs of our local community. We believe that every African deserves access to swift, secure, and transparent digital solutions.

# Logo

The AG Connect icon features an interlocking monogram that represents the unbreakable bond between the brand and the client. The fluid lines symbolize the seamless flow of data and currency, while the geometric structure reflects the stability and security of a professional consultancy. It is a mark of global connectivity rooted in local trust.

We have selected Montserrat to represent AG Connect because its geometric, clean lines project a modern "FinTech" authority. The font's open structure ensures maximum readability across digital receipts and data tables, reinforcing our commitment to transparency. By balancing bold headers with clear body text, Montserrat communicates a brand that is both structurally secure and technologically forward-thinking.
